

# 2025 FINNEY

## ► KANSAS HOUSING MARKETS FORECAST

This year marks the 25th anniversary of the WSU Center for Real Estate. As we celebrate this milestone, housing markets across the state appear to be returning to the “old normal” not seen since before the Financial Crisis in 2008. After years of turmoil, mortgage rates now seem to be settling into a range we have long thought to be ideal. And while inventories of homes available for sale remain quite tight, market conditions have become more balanced between buyers and sellers.

As the market comes full circle, it's our pleasure to bring you the 2025 Kansas Housing Markets Forecast Series to help you prepare for all that may lie ahead.
