We are also grateful to the REALTOR® boards and multiple listing services that have provided much of the data used to prepare this forecast:

It's hard to believe this is the 11th straight year that we have prepared a housing market forecast for the Wichita area. Through market ups and downs, our goal at the Center for Real Estate is always to provide you with the latest market data and unbiased analysis to help you understand and prepare for whatever the future may bring. With this aim in mind, we bring you the 2014 Wichita Housing Market Forecast. We trust you will find it useful as you work and live in the Wichita area.

For the latest data and analysis of the Wichita housing market—and to view our forecasts for other markets across the state—we invite you to visit us at our website at WWW.WICHITA.EDU/REALESTATE.
