WSU Center for Real Estate to release 2017 Kansas Housing Markets Forecast Series

Wichita State University's Center for Real Estate will present the 2017 Kansas Housing Markets Forecast at 10:15 a.m. Tuesday, Oct. 11, at the Kansas Association of Realtors Annual Conference and Expo at the Wichita Marriott hotel.

Stan Longhofer, director of WSU's Center for Real Estate, will present the forecast. He will be available for interviews after his presentation at about 11:45 a.m.

Longhofer can be available for interviews by appointment for media outlets agreeing to the embargo below.

The 2017 Kansas Housing Markets Forecast series reviews current housing market conditions in the major markets across the state – including Kansas City, Lawrence, Manhattan, Topeka and Wichita – and forecasts housing market activity through the end of 2017. This year the series also includes housing outlook publications for 17 smaller markets across the state. Copies of all of the forecasts in the series will be available at www.wichita.edu/realestate.

Advance copies of each of the reports and interviews with the author will be made available to media outlets that agree to embargo the release of the study's information until 12.01 a.m. Tuesday, Oct. 11.

If you agree to the embargo, contact Longhofer at 316-516-6365 or stan.longhofer@wichita.edu.
