

# Wichita HOUSING FORECAST

Not everything we “know” turns out to be true. We begin to take the familiar for granted and fail to notice the changes happening around us. To see things more clearly, we sometimes need to look at things from *A New Perspective*.

This year’s Wichita Housing Market Forecast can help you do just that. By combining the latest economic and housing market data with our own unique insights and analysis, the WSU Center for Real Estate provides you with the new perspective you need to prepare and adapt to the changing housing market.

**Dr. Stanley D. Longhofer**  
Director, WSU Center for Real Estate  
WICHITA.EDU/REALESTATE

The Center for Real Estate receives no state funding. Our activities are supported entirely through gifts from generous supporters throughout the region:

- Clark Real Estate Foundation
- Meritrust Credit Union
- Pulaski Bank Home Lending
- Security 1<sup>st</sup> Title
- Walter Morris Endowment for Real Estate
- REALTORS® of South Central Kansas

## Special Thanks:

- Faith Atteberry | WSU Center for Real Estate
- Karen Gehle | Kansas Association of REALTORS®
- Jeremy Hill | WSU Center for Economic Development and Business Research
- R.J. Marshall | REALTORS® of South Central Kansas
- Samuel Radaha | WSU Center for Real Estate
- John Ringgold | Real Estate Business Resources

### Participants in the 2015 Wichita Real Estate Roundtable

We are especially grateful to Security 1<sup>st</sup> Title and Meritrust Credit Union for underwriting the cost of preparing this year’s Wichita Housing Market Forecast.
